

# ABSEIL ACCESS LTD

## Reference Project

### Industrial Coatings

Location: Mt Robinson Radar Dome  
Blenheim

Date: 2000

Client: Airways Corporation

Abseil Access Ltd were chosen for the full repaint of Mt Robinson Radome that overlooks the Cook Strait. There is no vehicle access to the site, all materials and personnel arrived by helicopter.

The spherical surface is glass fibre reinforced resin. The existing coating is 15 years old. The dome is elevated above the surrounding bush by a 20m steel tower.

Due to operational requirements the project had to be completed within a 6 day timeframe.

The 4 man team had to camp onsite and contend with the weather of the Cook Strait.

Two coats of Polysiloxane PSX 700 were applied. This was supplied by Resene paints.
